

## **Built for the Job. BUILT FOR YOU.**

When your truck is your livelihood, you need a flatbed engineered for more than good looks. You need real-world strength, smart features, and reliable performance from a truck bed that works as hard as you do. Backed by decades of engineering expertise, Sure-Trac Pro Series® truck beds deliver proven durability you can count on.

**Compatible with Ford, RAM, and Chevrolet/GMC Trucks  
2000 model year and newer**

## **Built on 25 Years of Engineering Expertise**

**The Sure-Trac Flat Bed** has been thoughtfully engineered for people who put in long hours and depend on their truck day in and day out, in the toughest conditions. Every single weld, rail, and pocket is specifically engineered to tackle the hard work and long days without letting up.

## **Engineered for the Hard Jobs**

### **Keep the Deck Clear When You Load**

The B&W Turnoverball® gooseneck hitch gets out of the way when you need a level bed.

### **Tow More with Confidence**

With a 30K gooseneck hitch and 18K bumper pull hitch included standard, you're ready to pull heavier trailers with less hassle.

### **Boost Visibility on the Job**

Taillights with integrated strobes provide better visibility and on-site safety – simply add a switch in your truck's cab.

### **Easily Secure Any Load**

Standard stake pockets, rub rails, and chain spools let you strap down everything from fence posts to fuel tanks—quickly and securely.

### **Safer Access On and Off the Bed**

The integrated step in the rear bumper and tread plate deck help prevent slips and trips.

### **Make It Yours**

The height-adjustable headache rack comes pre-drilled and pre-wired so you can easily install lights, strobes, and bolt-on accessories.
